VAUGHAN**

Sorry I could not get back to you on time. However, I like to mention that my daughter is a Professional musician playing Saxophone and Violin. She played at the Carnegie Hall , USA, 2 years ago with Toronto Youth Orchestra.

Other daughter is a Pianist. My mother was Violinist. My family is a music family.

I am sure you understand my stance on the issues of YRAC. Music can help the people for a stress free life and how we can make the talents of the artists to bring more tourists and boost the economy of the Region. We can bring all like minded people together to achieve greatness.

I love to have the support of all your members.

Regards

Skanda Singarajah
